

Moulin de la Ribiere

Our private lake, some 7.5 acres set within our 50 acre nature reserve in beautiful surroundings, is only 30km from Limoges. The lake is over 200 years old with sand bars, plateau's, silt patches and weed beds making for varied and challenging fishing.

We allow night fishing and with the pool, fantastic countryside walks, cycling, horse riding you may need to fish through the night to fit it all in.

We also operate a fully fitted Gite where you can stay or simply use the facilities.

We have some equipment available for hire or you can bring your own, it's your choice.

All fishing is catch and release - a full set of our reasonable rules and regulations will be sent on request. Our rates depend on what you want , from £125 per person per week.

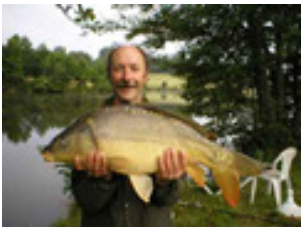

Moulin de la Ribiere - not just great fishing !

Not your run of the mill fishing

There is a maximum of 8 anglers allowed and exclusive use can be arranged for smaller groups.

Whilst some stocking has taken place to ensure both quality and variety the lake is very much natural so whilst there are 30lb+ carp in there this is not a place for easy catches. The majority of these fish have never been caught and our intention is to provide an entertaining days fishing not to simply offer you a constant supply of similar looking fish.
